

Banrai Primary School, Lampang, N. Thailand

Banrai is an extremely poor school located in the outskirts of Lampang, N. Thailand. Many of the students here are from the hill tribes close to the border with Burma. For the last 2 years GHF has sponsored a Teacher here.

The school is losing 2 teachers from it's 6 strong staff due to retirement. The government are not replacing them. We hope to be able to continue to support at least 1 teacher here in 2012 but will need help to do so.
